

# IX Workshop on Structural Transformation and Macroeconomic Dynamics, May 2022

The workshop on Structural Transformation and Macroeconomic Dynamics was created in 2012 with the idea of bringing together experts in the field of structural change who, at the time, did not have a dedicated conference at which to meet. Since then, the field has expanded substantially, and the workshop has been organized regularly on an almost annual basis, bringing together many of the leading experts in the field. Most of the editions have been organized in Cagliari, Sardinia, Italy, with three notable exceptions: Surrey (UK), 2012, Paris (France), 2014 and Kent (UK) 2016. This year the workshop reaches its ninth edition and is held at the University of Cagliari on 30 and 31 May 2022. Registration to attend will open soon.

All times in the program refer to Central European Summer Time (CEST), British Summer Time (BST) +1.

## Monday, 30 May

SESSION   John	Time	Speaker	Presentation		
09:10Paula Bustos (CEMFI and CEPR)The Effects of Climate Change on Labor and Capital Reallocation with Christoph Albert (Collegio Carlo Alberto) and Jacopo Ponticelli (Northwestern University)10:00Esteban Rossi-Hansberg (University of Chicago and CEPR)The Spatial Effects of Carbon Policy in the EU with Bruno Conte (University of Bologna) and Klaus Desmet (Southern Methodist University)10:50BREAK11:10Andrii Parkhomenko (University of Southern California)Homeownership, Polarization, and Inequality12:00Gianluca Violante (Princeton University of Texas at Austin), Lukas Mann (Princeton University), and Aysegul Sahin (University of Texas at Austin)12:50BREAK/LUNCHSESSION II, 14:15 – 15:55, chaired by Fabio Cerina (University of Cagliari)14:15Diego Restuccia (University of Toronto)Land Security and Mobility Frictions with Tasso Adamopoulos (York University), Loren Brandt (University of Toronto), Chaoran Chen (York University), and Xiaoyun Wei (Shanghai Jiao Tong University)15:05Timo Boppart (IIES and University of St Gallen and CEPR)The Macroeconomics of Intensive Agriculture with Patrick Kiernan (University of Minnesota), Per Krusell (IIES), and Hannes Malmberg (University of Minnesota)	09:00	,	Opening
